Forest Road 80 to Hog Park closed in August

(Walden, July 21, 2009) – Forest Service Road 80 will be closed at the junction of Forest Roads 681 and 80, north of Pearl into Hog Park during most of August. The closure is for public safety as crews with heavy equipment fall and remove dead beetle-killed trees from along the roadways. The stretch of road being closed is about two miles. Exact closures dates aren't known yet. The closure will be posted on the ground. The alternate route to Hog Park is from Encampment Wyoming on Forest Service Road 550.
